Don't cut Big Ivey

Hello,

I love to drive up to Craggy Gardens on the Blue Ridge Parkway through the Pisgah National Forest's Big Ivy. I've camped there with my niece and can't imagine clear cutting these magnificent woods. Can you please put a change from commercial logging management areas (1 and 2a) in Big Ivy to management areas that protect recreation, water, scenic views, rare plant and wildlife, old-growth forests, and wilderness and backcountry designations. (3, 4b, 5, and 6). Put it in a protected status like Wilderness forever, so this won't be revisited if some knee-jerk politician ever wants to build there.

Please let me know if there are additional steps that I can take to help save these forests forever. Thank you for helping save our woods for our children's children and beyond.

Sincerely,

Rebecca Burkhead
