Smart Forest Management

Hi!

I'm a resident of Buncombe County writing to request that you DO NOT allow the cutting of the old-growth portions of Big Ivy. As someone who has taken forestry classes, I understand there is such a thing as smart timber management. I understand that some logging needs to take place. But the recreational and environmental value of old growth timber should be considered and allowed to remain in tact in this case.

Thanks so much!

Maggie Geck
