Stronger protections for All of Big Ivy

Dearest Forest Service,

It has come to my attention the area known as Big Ivy is in danger of being logged away- including rare old growth areas. Will you please strongly consider the following? Your grandchildren will thank you...

- Designate Big Ivy's trail-less, high-elevation forests as wilderness as recommended by the Buncombe County Board of commissioners.

- Designate Big Ivy's trail network and the old-growth forests of Coxcomb Mountain and Snowball Mountain as backcountry.

Thank you for your time,  
Matthew Abrams
