Protect Big Ivy Foolish

There is a big push to "Protect Big Ivy" by not cutting trees. Please ignore this foolish worship of nature and do what is needed. I am counting on you to "protect Big Ivy" from forest fires that could kill my family...not to appease a bunch of uninformed people who just moved here and think it's pretty. So please put human life before the trees and do what is best overall for Big Ivy and every other community. Thanks for all you do and I can get 1000 people that agree with me if needed.
