Stronger protection for all of Big Ivy

Dear Forest Service,

We wish to urge you to give much stronger protection to the Big Ivy forests. We have enjoyed these forests most of our lives and have countless neighbors who have been raised in them for many generations. We understand the need to generate timber off of public lands, and we know with great certainty that this forest is much too unique and cherished to consider for timber sales. Thank you for your consideration and all of the work you do to manage our forests to meet the wishes and needs of our community.

Warmly

Paul Littman
