Forest plan preliminary draft

It is wholly my opinion that any forest plan that leaves over 125,000 acres of our public land unprotected is irresponsible and unacceptable. I implore leadership to recognize the Nantahala-Pisgah Forest Partnership and to accept suggestions that will support hunting interests as well as protect our pristine environment. As a native of WNC, I feel that both sides of the argument should be valued and a compromise needs to be found. The current plan does not do this and should be modified.

Cheers,

Shawn D. Hamilton
