Spring 2017 Material Plan Building Blocks

Our forests need expanding rather than cutting. The Pisgah and Appalachian ranger districts provide a healthy environment in creating places to hike and explore as well as contributing to a healthy environment for the local area and the planet. North Carolina is blessed with many special places providing exceptional recreational and biodiversity.

Please secure and expand these areas for the future health of North Carolina and our nation. Our children need this expansion.

Sincerely,

Wilma Morris
