Rico West Dolores Roads and Trails Project

First, I am a hiker and cross country skier. As such I am seeking solitude and I stay away from areas and trails used by motorized vehicles, motor bikes and snow mobiles. Based on my observation and statistics the majority of users are quiet trail users. Please prohibit motorized use on a majority of trails, which will set an example for future generations,

Second, for the benefit of wildlife and trail to limit trail deterioration limit motorized use to July 1st to September 8th.

Thanks,

Werner Heiber
