Rico West Dolores Roads and Trails Project

I am a 74 year old outdoor enthusiast with a replaced knee joint, rebuilt ankle, spinal stenosis and extensive arthritis but I still enjoy the quiet solitude that a mountain hike provides. I strongly support Alternative E with further restrictions. Burnett Creek Trail should be closed to motorized travel. Rough Canyon is being destroyed by motorcycle abuse and should be closed. Eagle Peak Trail has also been decimated by motorized travel and should be closed. And finally, Calico Trail north of the Priest Gulch intersection should be off limits to motorized travel. A small minority of motorized riders spoil the outdoor experience for vast majority of us who enjoy the peace and quiet of our treasured mountains.  
Thank you for your consideration.
