Geographic and Management Area building blocks

Dear Plan Revision Team Leaders,

As a hiker I value our national forests and want to see ALL of the areas that were inventoried for wilderness, especially the North Carolina Mountain Treasure Areas, allocated to more protective management in the next forest plan, either as Backcountry, a Special Interest area, in Ecological Restoration management, or recommended for Wilderness.

Thank you, and I'm looking forward to reviewing the Draft Forest Plan next year,

Bev MacDowell
