Spring 2017 Material Plan Building Blocks

Gentle Ones:

I am extremely concerned about the continuing degradation of our planet and natural resources.

I want to see the continuation and expansion of protected areas within the Nantahala and Pisgah National Forests so that logging is not allowed just anywhere. Specifically, I would like to see ALL of Big Ivy be included in the special interest area within the Appalachian Ranger District. In addition, I would like to see the Mountains to Sea Trail (and similar trails) designated as a special corridor like the Appalachian Trail. In general I would like to see more areas in the Nantahala and Pisgah National Forests with specific management area designations with standards and prescriptions for protection.

I would appreciate your consideration of my position.

Sincerely,

AA Lloyd, Asheville NC
