Comments:

I lived in SE Alaska from 1980 to last fall, when I moved south to be with family because I am now disabled.

I spent a lot of time in the unpopulated parts of SE Alaska and could see the effects of logging on those of us who actually live there. Please do a better job of inventorying standing timber before making any sales, and don't waste tax payer money supporting businesses that don't make sense because they don't make money.
