Comments:

I would like to comment regarding the USFS draft EIS documents for the POW Landscape Level Assessment. I served on the POWLAT committee. We worked long and hard over many months to create a document that reflected the views of the residents / communities of Prince of Wales Island with regard to the forest in which we live. I appreciate that the draft EIS documents incorporated so much of what we, as an Island community, worked so hard to create. Thank you for this opportunity to have this input. Val Steward
