Comments:

I support the following elements of Alternative 5 in the DEIS:

- Protecting old growth on the north end of Prince of Wales Island above the 20 Road, between the western shoreline of Red Bay and the communities of Point Baker and Port Protection.
- Integrating job-creating restoration and sustainable recreation development into all the action alternatives.
- Protecting old growth on south-facing slopes below 800-feet in elevation.
- No logging of old growth in Dry Pass, south of Port Protection.
- No use of herbicides to treat invasive plants.
- Implementing broad protections for deer and wolf habitat recommended in the 2017 Interagency Wolf Habitat Management Program.

Thank you.
