Protect the Tongass National Forest

Jun 20, 2018

Forest Service

Dear Service,

I encourage you to choose a path forward on Prince of Wales Island that protects wolves, deer, the Prince of Wales flying squirrel, and other forest dwellers dependent on old-growth habitat. The current proposal would result in habitat loss for some species on the island approaching an unsustainable 80%. Please begin to restore balance on the Tongass by transitioning away from destructive old-growth clear-cuts as quickly as possible and by striving to protect and restore wildlife habitat instead.

Please assist in conserving our precious resources.

Thank you.

Susan LeVan

Sincerely,

Ms. Susan LeVan  
118 Countryside Dr  
Basking Ridge, NJ 07920-2036
