Comments:

Because the state of Alaska has been owned and ruled by extractive industry for many years, and because the federal government is now in the hands of a criminal cabal intent on stealing as much as fast as it can for its billionaire masters, I expect any change made to rules governing the beautiful wilderness in Alaska will be to the detriment of the people, the land and the animals there and for the exclusive benefit of the criminal billionaire class. Therefore I write to oppose any changes in said rules made by the current government.
