Comments:

Please do not cut protections embodied in the Roadless Rule by lifting the needed protection measures from the Tongass National Forest. If you were going to use the trees to build people's homes, I'd feel small sense of understanding on commencing clear-cutting on the Tongass. But all you are going to do to this old, ecosystem-friendly trees is PULP them up for use in the development and packaging of products from Asia. Please reconsider any decisions that will result in clear-cutting on the Tongass.

With best regards,

Mike Monasmith
Sacramento, CA
