Comments:

To Whom It May Concern,

In the face of unprecedented climate change, I formally and fully object to any destruction of the Tongass National Park for any purpose. It's a National Park, and property of ALL Americans, not that of commerce. We have few unspoiled areas, and we need to protect this to preserve our climate, and one of the last natural places in America. PLEASE do not damage this national treasure. It is the bounty of all Americans, as past presidents had intended it. Do not make a grave mistake due to pressure from a corrupt and spoiled party and president.

Regards,
