Comments:

I support conserving roadless areas in the Tongass National Forest, especially the Tongass 77 areas. I regularly fish the Situk River in Yakutat and it is an especially important resource for the area.

We need to retain the protections we've gained in the Tongass, including for the Tongass 77. These watersheds support our sport and commercial fisheries and tourism industries which combined are responsible for over 25% of jobs and over \$2 billion in economic contribution to our regional economy annually.
