Comments:

I support conserving roadless areas in the Tongass National Forest, especially the Tongass 77 areas.

For my work, I rely on unspoiled wilderness to take my clients to when guiding. Some of the places I go to work and recreate are: Chicken creek, Herbert river, Eagle river, and Neka Bay.

We need to retain the protections we've gained in the Tongass, including for the Tongass 77. These watersheds support our sport and commercial fisheries and tourism industries which combined are responsible for over 25% of jobs and over \$2 billion in economic contribution to our regional economy annually.
