Repeal of the Tongass Roadless Rule

Dear Mr Tu,

As life long Alaskan's, we would like to see the full repeal of the Tongass Roadless Rule.

Alaskan's should be allowed to develop our natural resources in a responsible fashion and the current roadless rule makes it totally unrealistic to do so. Between the State and Federal permitting agencies that oversee all future projects and expansions of existing projects, the safeguards are in place to assure the protection of our environment.

The Tongass is supposed to be for everyone to use, and not to have it just locked up for a select few.

Thank you,

Scott and Sandy Spickler
