Roadless Rule Comment

Hello,

I am writing to express my concerns for the Tongass Forest in Southeast Alaska. I am strongly against any logging of old growth. I am a commercial salmon fisherman, have a family in and subsistence live in Southeast Alaska. I know how important the old growth forests are to the ecology AND the economy. Our healthy forests and salmon streams provide us with renewable resources for our income from fishing, tourism and subsistence food. Please keep the Tongass roadless and do not facilitate the logging of our old growth. Thank you.

Sincerely,

Jesse Remund
