Comments:

Hi my name is Caleb Bottoms and i'd like a no vote on closing the land for snowmobiling and mountain biking. Snowmobiling for me has always been a great escape to explore what all is out there and have a good time with my family. I'm a 3rd generation rider I got my license when I was 10 so I could ride with my grandpa, dad, uncle, and cousins. Every year we get out as much as we can to explore and have fun away from other people and enjoy a hobby that is not as popular as others which makes it really special to our family. I can't think of not being able to take my kids to these pretty areas when they are of age and can partake in this sport.

Thank you for your time,  
Caleb Bottoms
