Comments:

Dear Administrator,

I have some comments on the draft plan. Please consider adding language protecting the WILDERNESS CHARACTER of the Nellie Juan-College Fiord WSA. Also please restore strong protection to the lands purchased after the Valdez disaster. The random, recreational use of chainsaws, for wanton sculpture, fun or otherwise also should be addressed. Finally, of the alternative plans, please support a modified Alternative D wilderness recommendation that also includes Lake Nellie Juan and the lands within the WSA boundary that were purchased for restoration of wilderness resources following the oil spill.

Respectfully submitted,
David Llewellyn
