Comments:

I am a lifelong born and raised alaskan and recently I have got into the snowmachine scene and it has opened up so many now opportunities for my skiing adventures in the backcountry of the Chugach mountain range. I still hike and split board in the early days of winter and use my snowmachine primarily for skiing purposes. I feel limiting us local winter motorized enthusiasts would deeply affect our rights we were raised with and would furthermore hinder the states economy. I personally deal with season winter depression and since getting into snowmachining has drastically helped my personal well being. Thank you for your time and consideration.

Zack Wilson
