To whom it may concern,

I am a second generation Alaska born and raised in this beautiful state. My parents taught me to enjoy and respect the land which I have done for my entire life up here. I have come to love the beauty and vastness of the Chugach national forest, and enjoy getting out and hunting, hiking, and snowmachining in this beautiful terrain. It has truest become part of my existence in Alaska.

I strongly encourage the adoption of plan B when when it comes down to the vote, I would love to continue to respectfully use this beautiful land. With a kid on the way, I want him/her to also enjoy what makes Alaska so beautiful, and experience the intoxicating draw the Chugach have had for me. I hope that when this vote is being considered, all the voices of all the parties invovolved will be heard and given fair and equal opportunities to enjoy this beautiful state!

Thanks for your time!

Jason
