Comments:

I would like to recommend constructing a sight seeing / picnic area on the east shore of Sheridan lake in Cordova. There are currently trails and easements in place. This would be a great replacement for the area lost by Childs Glacier due to our bridge washing out. It would return to the community some tourism for glacier viewing. Many people use this area to skate on in the winter as well. A well serviced road and facilities would be a great benefit to Cordova.

Regards, Jake
