Comments:

I love Alaska and part of the reason why is the free access to wilderness areas.

I snow machine, boat and fish, and four wheel all over Alaska. From caribou hills to crescent lake all the way up to Cantwell and even Eureka.

It is one of the best reasons to live in Alaska. There is no need to change a good thing and no problems to resolve by limiting accesses as they are. Please do the right thing and keep Alaska as it is. Us avid outdoorsmen are in the process of raising kids to love Alaska for the same reasons we do. Please consider this. My children are 3rd generation outdoorsmen-AK style. It would be devastating to them to lock up/restrict these plotted areas.

I grew up in Wasilla and remember riding almost anywhere you wanted. It's heart-breaking enough not being able to ride safely down KGB or Fairview Loop.

As a young outdoorsman the way earned my way into the backcountry was my school grades.

All A's dad got us a new-ish snowmachining. Anything below a C and that sled went on the classified adds. I am raising my children the same!

Thanks for your consideration.
