Email: Senator.Peter.Micciche@akleg.gov

Phone: 9072837996

Comments:

To whom it may concern,

My constituents, as well as my family here in District O, greatly value our right to enjoy public lands. The positive impacts full access to National Forests have on the lives of Alaskans include everything from viewing to harvest, but the activities help keep families together and promote health and wellness. For these and many other reasons, I strongly discourage the trend toward any further use restrictions on the Chugach National Forest or any other public lands.

Thank you,

Senator Peter Micciche
