Comments:

I've been a rider fo the past 6-7 years I've spent a majority of my time in the petersville and willow area but chugach is one of the most incredible places I've ever set foot (skis) on, but it's more than just a playground, to some it's a livelihood and if they cant access the areas where they trap or hunt or even retrieve firewood, you cant get to a lot of these places without a snowmobile, and not only will the residents hurt from this local businesses rely on the winter traffic of riders to sustain the business and keep it going, I work for polaris I see a lot of people come through from chugach to fix their machines and if theres no motorized access it hurts my job as well.
