Hi,

I am contacting you today about the Salmon-Challis Forest Plan Revision.

I request that the following considerations be included in the Plan Revision:

Allow citizens' voices to be heard throughout the revision process.

Make sure river segments that are eligible for a wild and scenic river designation be put into the appropriate process for that designation.

Unroaded areas should be recommended as wilderness if appropriate.

Riparian and watershed areas are fully protected

Mining is only allowed if done very very responsibly.

Thank you, Elaine French, Ketchum
