Prince William Sound

These are my thoughts re. the proposed revision re. the WSA in Prince William Sound.

DO NOT omit the word "WILDERNESS" from the plan's purpose "maintain presently existing wilderness character".

DO NOT omit the program to monitor conditions in the WSA such as air quality recreational impacts, visitor numbers, etc.

DO implement a Forest Order to resolve confusion regarding legality of using chainsaw for non-subsistence recreational purposes in the area.

INCLUDE land around Jackpot Bay, Paddy Bay and Knight Island acquired after the EV spill into the WSA Mgt. Area (MA1).

CHOOSE ALTERNATIVE D Wilderness Recommendation, with the addition of the Nellie Juan Lake area, and USFS land on Elrington Island, and the EVOS-acquired lands around Jackpot Bay, Paddy Bay, Hogan Bay and Junction Island.

Thanking you for your consideration in this matter, I am Karen Ruud, a lover of PWS
