Subject:coordinated IDFG & OSC SCC recommendation submission

We appreciate the opportunity to provide updated SCC recommendations reflecting state coordination. Because of some text management challenges (i.e. my limited skills), there are 2 files - one just pertains to bats and the other includes other species.

I want to reiterate our thanks to Cheri and Josh for providing answers and clarity to some of our SCC questions on 6/27.

Regarding technical information, Jeff Richards continues as IDFG primary contact in the Salmon region should you desire further discussion, he can muster our staff as needed.
