Comments:

Hello, as an avid air sports enthusiast and paraglider pilot, I'm urging you to not shut down our access to the King Mountain flying site. It's getting harder and harder to find quality flying sites and if the proposed wilderness area plan is implemented, it will shut down access to this site and prohibit us from flying King Mountain in the future.

Paraglider pilots are good stewards of our public lands. Our community encourages pack-in/pack-out philosophy and we generally have less impact on the land (since our sport is flying) than other recreational users of our public lands.

Thank you for your consideration.
