Comments:

Please consider the multiple uses of King Mountain. I am a hang glider pilot and value every site that is still accessible for launching and landing. Hang gliding and paragliding are activities that are in decline partly because of the loss of launch and landing sites. Free-flight pilots are very mindful of the areas they are flying in and over. We are pro-active in helping to maintain the sites and the areas around them including helping with road maintenance, fire-lookout, and general well-being of the area.

Thank you for your consideration,

Cyndia Zumpft-Klein
