Comments:

Sirs, Please do not include King Mt. Into your new proposal as part of the Wilderness designation. King Mt. Is a world class destination for hang glider and Paraglider. My brother and I have flown there for almost 20 years and look forward to our trips there with many close pilot friends. It's getting more and more difficult to fly in the West because of new restricted areas and more locked gates. If anything the government should be improving access so more pilots and outdoor enthusiast can use our Federal lands. As a retired Fire Captain that fought many wildland fires I'm hoping to continue to enjoy our great outdoors. Thank You Dave Clement
