Comments:

The Salmon-Challis National Forest in Idaho, which includes the King Mountain flying site, is considering designating King Mountain as a wilderness area.

Please do not include the road to the hang gliding and paragliding flying sites on King Mountain in your proposed wilderness designation. This a premier flying site and without road access or even the designation of the area as wilderness will prevent pilots from access to this wonderful area to fly in.

Thank you for your consideration of this matter.

Paul Hackney- avid hang glider pilot
