Comments:

I fly paragliders and request that you leave access to our King Mountain launch site accessible and open. King Mountain is a valuable flying site for hang gliders and paragliders. We depend on road access to King Mountain launch and the airspace above the surrounding areas, including the Lost River and the Lemhi Range. Please do not close or restrict our access. Good launch sites are very few and far in between. Closing access to this site will be devastating to our free flight flying community.
