Comments:

The King Mountain advanced Hang Glider and Paraglider site is a wonderful site that enables us paraglider pilots to enjoy the wonder of flight and the beauty of nature in our National Parks. If the mountain were to be designated as a wilderness area, I fear that roads to launch would be closed and launching would be prohibited, likely ending pilots' access to the site. This would be a great loss to those of us who engage in this sport. I hope and pray that any changes would continue to allow us the use of this launch site, as we have so few available in the USA.
