Comments:

Hi,

As a hang glider pilot who's flown King Mountain hang gliding site in the past, I request that you please leave launch access available for our sport. King Mountain is a challenging and beautiful site to fly, and our access has no impact on the area. A handful of people fly the site. In order to do that, we simply need road access. We drive up, we fly for hours and our trucks come down the mountain. We never leave a mess or garbage.

Thank you for your consideration.
