Comments:

Hi,

We just heard of the possible upcoming of the change of the status/access to the King Mountain ,Idaho Paragliding and Hang gliding site. This would be a great loss for our sports as King Mountain offers perhaps among the best conditions for flying in United States. We have world ranked pilots arriving in Idaho annually for the beautiful flying conditions out there. It would be a great loss for the flying community if this new ordinance come into an effect.

Please reconsider!

Warm regards
