Comments:

I'm a new paraglider pilot and have not yet flown at King Mountain. However, I've heard great reports on this well-known Idaho flying location. I look forward to flying vacations at that site during the Summer months when Arizona is too smoking hot for such activities. I hope that no action will be taken in this beautiful area that will curtail flying activities at King Mountain or prevent motor vehicle access to this flying site. Thanks for considering my comments on this issue.
