Comments:

Dear Sirs,

i most respectfully ask that you maintain access to the King Mountain flying site in Idaho for the following reasons,

it allows families to visit the site and view the surrounding area.

it allows for access by disabled people, like myself to view areas not easily available.

it allows behaved groups of people such as sport aviation enthusiasts access in a time when so many are being removed from them.

i am a veteran of the gulf war, am 63 years of age and feel access is a blessing to myself and others. we go out of our way to keep the area safe, clean and in a state as near as natural as possible while able to enjoy the blessings of nature.

thank you

morgan detton
