Comments:

The Salmon-Challis National Forest is the largest forest in the state, and contains some of its wildest remaining unroaded areas. These areas have been managed as wilderness for years, preserving their exceptional wilderness characteristics. I support permanently protecting them as wilderness for our future.

Please listen to the environmentalists on this issue. It's always easier to protect rather than to restore a place that's already been destroyed by mining or oil and gas extraction.

Thank you!

Stephen Veals
