Salmon and Challis Forrest Service,

The proposed wilderness of the Silver Creek drainage in Lemhi County is unacceptable. This is an area that has been neglected by the USFS for many years. The roads are unkept, the trails not maintained, and this area was once vibrant for mining logging and grazing. The Everett DeCora Trailhead campground with fencing and corrals are in disarray . The beaver have overtaken the creek bottom and threaten to wash out the road. The bridge at Myers Cove that crosses Silver Creek has slash and debris above it and needs cleaned. I appose this land grab. The Frank Church trails are a mess and mainly kept open by volunteers. The historic Duck Peak Lookout is about to fall down.

We appose this land grab.

Robert and Diana Nielson
