Comments:

Stop shutting down all our motorized riding areas. You're just herding us closer to each other creating more densely packed recreation areas which create more damage. Stop using the grizzly bear habitat excuse! You guys aren't responsibly managing them and they are now overpopulated.

Stop limiting old people and the disableds acces to public lands that we ALL pay for. Stop destroying roads and closing them down! You guys shut down all our riding areas but at the same time let all the rich people in big sky build their. Multi-million dollar houses and constant expansions on the ski resort happen which is all on public land!

Sincerely, A pissed off Public land owner
