Dear Sirs: I am writing to endorse plan D for use of the Custer-Gallatin National Forest. I endorse Plan D because I believe preservation of wilderness is key to protecting our national heritage. Americans should be stewards of the little remaining wilderness areas we own--motorless recreation and leaving wildlife unaffected by hunting and large numbers of people are the best for untouched areas in the CGNF. Allowing additional logging, motorized recreation and AIRSTRIPS(!!) in incompatible with protecting the precious land that is our wilderness. Please leave it wild! Thank you for thinking of the next seven generations of humans on this planet.
