To whom it may concern,

The plans to expand wilderness areas in the Custer Gallatin National forest seem to many as an over reach. If the Forest Service is to expand with option C, they would be taking away years of memories, income, and recreation from Southern Gallatin county. I worry that if you elect this option it will not stop and all the forests in the west will be wilderness leaving thousands of recreation enthusiasts to either go somewhere else or quit recreating in the forests. This would devastate towns such as West Yellowstone and devastate businesses like the Copper Bar and Grill bear Big Sky.
