Comments:

The Mission statement of the US Forest Service is " Caring for the land and serving people."

Permitting logging of old growth in the Tongass National Forest and cutting roads through the Roadless Rule area is in direct conflict with the purpose of the Forest Service.

The permanent environmentally damage would be in direct contrast to the short term economic gains of logging enterprises.

As one of the taxpaying "people" in your mission statement, I am asking you not to implement this devastating logging.
