Comments:

Dear Mam/Sir,

I live here in the Tongass with my wife and three children. We live a subsistence lifestyle and enjoy the beauty that surrounds us. The Tongass is more economically valuable as a resource for commercial and sport fishing, and tourism. Timber sales like the one you are proposing threaten these facets of what the Tongass has to offer. Please reconsider the scale and location of this sale and avoid any sales on old growth areas as well as critical watersheds.

Thank you
